

## SIMULTV INVESTS HEAVILY IN THE FUTURE OF STREAMING

SELMA, VA / JULY 2, 2020 / ACCESSWIRE / **WORLDWIDE** is the word that paints a thousand pictures of **SIMULTV** on the broad canvas of the entertainment streaming universe. Currently live-streaming more than 130 channels in several languages, **SIMULTV** leverages cross-platform technology such as Over-The-Air (OTA) and Over-The-Top (OTT) broadcasting to ensure quality family entertainment via TVs, Smart TVs, tablets, computers, and mobile phones, to literally every corner of the Earth. **SIMULTV** is also found on *Rabbit TV*, *Rabbit TV Plus*, and will soon be seen on *ROKU*. In addition, the multinational conglomerate company *Philips* is releasing 18 million new Smart TVs including the **SIMULTV** app. Investing several years and millions of dollars in up-to-the-minute technology, infrastructure, and media content, **SIMULTV** is commanding a lead around the globe.

**SIMULTV** CEO Steven Turner sums it up by saying “ We recently added 25 new channels, a few are Korean (with Chinese channels to be added soon) to our full-spectrum channel line-up; and another 50 will be added by the end of the year. We offer native-language packages to accommodate our global audience. Moreover, **SIMULTV** provides viewers with genre-based customized channels; for example our world-renown Kid’s channels include *Kid Central* and *Battery Pop*, Fantasy and Sci-Fi channels include *Mythos* and *Dimensions*, our Horror and Suspense channels include *Thrillerz* and *Ready Set Action*, and our Comedy channels include *Funnybone* and *Slap Tech*, to name a few.”

However, there’s much more to this unfolding story. “As a keynote speaker and Advisory Board Member of *Telecoms World Middle East*” Turner states, “I have my finger on the pulse of television’s future. TWME is a major conference platform for leaders of the telecommunications industry where telecom operators meet and discuss the latest developments transforming the telecoms industry, such as 5G networks, AI, and automation. We discuss strategy, innovation and partnerships for the Telecoms Ecosystem”.

In June Steven Turner co-hosted a global *Telecoms World Middle East* webinar entitled *The Future of Streaming Services: Continuing to Drive the Streaming Boom*. The webinar in its entirety may be seen here <https://youtu.be/t4Zwrl31kkE>.

Rion Breslin, *Telecoms World Middle East 2020* Conference Manager states “I have worked alongside Steven in preparation for *Telecoms World Middle East 2020*, a prominent event in the telecoms industry here in Dubai. Steven offered amazing insights into the future of streaming services on our webinar series and offered excellent feedback as a member of our Advisory Board. I look forward to working with Steven to deliver a successful virtual event on the 13th – 14th of October!”

### ABOUT SIMULTV:

**SimulTV** is an OTT, OTA, and IPTV network founded as a division of *Interconnect Media Network Systems* by CEO Steven Turner in 2011, currently broadcasting more than 130 live channels worldwide with up to 4k quality. Streaming videos, thousands of movies and Videos On Demand, as well as popular channels including *Sony Movie Channel*, *GetTV*, *Bloomberg News*, *InfoWars*, *HDNet*, *AXSTV*, *CineSony*, *Kid Central*, *Mythos*, *The X Zone*, *Battery Pop*, *Thrillerz*, *Euronews*, and over a hundred more channels.

**SimulTV** also offers a Set Top Box (not required for subscription) which is small enough to fit in a back pocket, enabling viewers to take it with them on the road anywhere in the world. A subscription also provides the ability to connect two additional devices – a mobile phone, tablet, computer, or television. **SimulTV** apps are free in the *Google Play* and *Apple App Store*.

### ABOUT TELECOMS WORLD MIDDLE EAST:

Entering its fifteenth consecutive year in Dubai, Telecoms World Middle East is the go to event for CxOs from across the technology, media, and telecom (TMT) industry who want to learn how technology, innovation, variation and partnerships can transform and diversify the future of TMT. Providing the platform for the entire telecoms ecosystem to debate, discuss and develop ideas within the industry, Telecoms World Middle East 2020 brings more trending content, more panel discussions, and over 200 leading global speakers from MNOs, MVNOs, OTTs, suppliers, vendors and the wider TMT industry.
