

Do patients like using Cloud DX?

The Ottawa Hospital uses Cloud DX to monitor patients after surgery.

**97% were highly
satisfied with
the Connected
Health™ platform.**

**89% felt the
quality of care
was equal to or
better than face
to face care.**

Conclusion? Happy patients.

Bonus? Happy Hospitals.

Remote monitoring helps hospitals lower re-admissions by 5%, by keeping patients closer to their care teams making for easier care escalation.
